        <h2>SUMMARY:</h2>
        <p>I am a former mechanical engineer who has had a variety of opportunities
in my field of work and is looking for my next opportunity while pursuing a M.S. in
Data Science.</p>
    </div>

    <div class="section">
        <h2>EDUCATION:</h2>
        <p><b>California State University at Northridge</b> - Northridge, California
- <i>May 2015</i><br>
        Bachelor of Science in Mechanical Engineering</p>
        <p><b>Eastern University</b> - <i>October 2022-Present</i><br>
        M.S. Data Science</p>
    </div>

```

<div class="section">

<h2>SKILLS & QUALIFICATIONS:</h2>

Experienced in Microsoft Office, most notably MS Excel including visual basic, Python, R, Tableau VB.net, LabVIEW, AutoCAD, SolidWorks, and MATLAB

Experience using and maintaining various model CNC machines

Work in developing automation techniques for vertical mills

Knowledge of Java, and C

Extensive work with autonomous systems

Knowledgeable in Mechanical Engineering Sciences: Strength of Materials, Dynamics, Vibratory Motion, Machine Design, and Autonomous Mobile Robots

</div>

<div class="section">

<h2>EXPERIENCE:</h2>

<h3>Automated Manufacturing - Simi Valley, California September 2017-June 2022</h3>

<h4>Mechanical Engineer</h4>

Daily work developing automated systems to cut and polish computer chips using vertical mill

Work with customers to ensure satisfaction with automation solutions

Work with various CNC machines

Wiring and soldering for various electrical systems

<h3>Oviatt Library - Northridge, California January 2012-June 2015</h3>

<h4>Learning Commons Technology Student Supervisor</h4>

Daily work maintaining 200 PCs and 20 Macs, including software, hardware, and networking issues

Extensive work with MS Excel and other Office products, including assisting patrons with work

Trained new student employees and student supervisors every semester

Updated training methods for Learning Commons Technology

Created method of procedures for the office
